

# HC-VXF1

# 4K Camcorder

ULTRA HD

Large 1/2.5-inch sensor records high quality Full HD video and offers great performance in low light conditions.

Leica F1.8-4.0 24x Optical Zoom lens (25-600mm equiv.) lets you record everything from wide group shots to close ups.

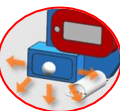

Record 4K Ultra High-Definition video in 24/25p (3840x2160, 72Mbps) for beautiful image quality.

1.56 million dot Electronic Viewfinder for framing the scene in bright conditions.

5 axis Hybrid O.I.S.+ uses five-axis correction suppress blurring caused by camera movement.

New Ball O.I.S. and Adaptive O.I.S. greatly improves correction for small-amplitude hand-shake.

Capture multiple scenes simultaneously. Connect up to three devices and record two additional perspectives.
